EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Whipps on September 30, 2004.

2. The application has been amended as follows:

IN THE SPECIFICATION:

On page 1, after "filed March 19, 2003", insert ---, now U.S. Patent No. 6,767,881---

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Goffinet, U.S. Patent No. 4,414,128, discloses a liquid hard surface cleansing composition comprising 1-20% by weight of a surfactant, 0.5-10% by weight of a terpene, and 0.5-10% by weight of a polar solvent (see abstract and col. 2, lines 35-47). It is further taught by Goffinet that a preferred terpene includes d-limonene (see col. 2, lines 48-53), and that suitable nonionic surfactants include polyethylene oxide condensates of alky phenols (see col. 5, lines 14-28), condensation products of primary or secondary alcohols (see col. 5, lines 29-68), and condensation products of alkyl

oxides and an amine (see col. 6, lines 1-8). Goffinet further discloses that the polar solvent includes glycol ethers (see col. 9, lines 1-34), and that the composition also contains hydrotropes, such as sodium xylene sulfonate (see col. 9, lines 35-45), and chelators, such as EDTA (see col. 7, line 50-col. 8, line 28). Specifically, note Examples 1-7 and 14-20. However, patentee differs from applicant in that Goffinet does not teach or suggest in general a liquid hard surface cleaning composition that contains greater than 10% by weight of a polyethoxylated phenol, as required by applicant in newly amended independent claims 1 and 11.

The examiner makes of record that Griesse et al, U.S. Patent No. 6,767,881 (Application SN 10/391,639), is no longer available as prior art for the reasons of record found in Applicant's Remarks, dated July 8, 2004.

Accordingly, the claims viewed as a whole would not have been obvious to one of ordinary skill in the art at the time of the invention after viewing the prior art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1751
